Hope I didn't forget anyone. This is our last day in business. I wanted to Thank you for all the work you've given us over the years, and hope you've been satisfied.

In the 40 years I've been here, England Bros. has been the best Company we've ever worked for. Your prompt payment, cooperation, help on jobs and what has turned into a personal friendship has meant a lot to me. Your Company is also the most professional we've ever worked for.

I want to wish all of you the Best of Health and Business.

It's been a Pleasure!
Regards,
Wayne
